

Infiniti Software Solutions was promoted in 2005 with the aim of devising innovative travel and aviation technology products. Infiniti is at the forefront of developing cutting edge technology solutions in aviation, business travel and expense management space.

## Timeline of Product launch

### CrAFT - Airline forecasting tool

CrAFT is an intuitive and highly effective revenue management solution based on accurate forecasting for airlines, devised by our experts who have decades of experience with designing successful revenue management systems and processes for several international airlines. CrAFT is also having various versions designed to suit airlines with different scales of operations and business models.

### Atyourprice - Corporate Travel Management

Atyourprice is a robust web based business travel solution that automates travel planning, requisition, approval, fulfilment, invoicing, reporting and duty of care. Automation brings exponential savings to business travel programs and also makes the travel procurement process more operational efficient. Today Atyourprice is a travel solution for more than 150 corporates for various sectors like Banking, Insurance, Agriculture, IT, Real Estate, Infrastructure, Education, Food & Beverages etc.

## ExpenseOut - Expense Management Tool

An easy to use business travel & expense management solution that helps automate travel booking, expense claims, approvals, settlement and tracking of all expenses using a single web based interface.

## GroupRM - Group Revenue Management Tool

GroupRM is an innovative solution that helps airlines to effectively control group traffic. It aids in increasing sales by enabling the group analysts to better manage and optimize group sales.

## SME Tool - For Airlines

SME Tool is an innovative solution that helps airlines effectively manage SME bookings. The Tool integrates with the airline reservation systems and acts as a self booking solution to the SMEs. It aids in increasing sales by enabling SMEs to self register and book tickets online with multiple payment options. SME Tool also helps airline to effectively manage seasonal promotions and rewards programme in a particular region or country.

Current Team Size - Infiniti Software Solutions is currently supported by more than 120 talented employees across India
