Recently, we completed a stunning, modern, 4800 sq. ft. house in [East Hampton](#) with plenty of room for entertaining and a gunite pool. The homeowner loves the house and according to him, it is “more than what I could asked for or expected.” Our knowledgeable team and their dedication to offering excellent service and quality without compromise is always at the forefront of what we do.

Alexim Builders History -

For over 25 years, John Ania and his team have been dedicated to providing superior quality construction while supporting clients’ goals. This stems from an owner-centric perspective that is the foundation of the company.
