ART COMMISSIONS & BESPOKE PROJECTS

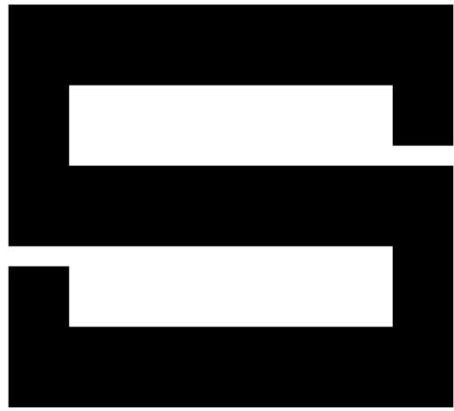

United Kingdom

About Us

Commission it cares passionately about the environment and supporting a fair society. The company is a certified Social Enterprise, which means it cares about people and the planet before profit, and pledges 51% of its profits towards beneficial projects, with a focus on supporting independent designers, artists, artisans and makers. [Commission It](#) is also a supporter of the circular economy, limiting environmental damage through unnecessary waste disposal. We're still a very young company with a small team, some of our technology is in BETA. Help us to spread the word about us.

CHOOSING THE RIGHT MEDIUM FOR A PAINTING

Art Commissions

We take a unique approach to help you to commission any type of artwork you require for individuals to public [art commissions](#).

We don't just work with a limited few artists, once we understand your needs we will collaborate with you and the best artists available either locally, nationally or internationally and in your budget range.

BROWSE ARTIST PROJECTS

- **Abstract Art** - Send us a picture of the room the works are for and we can commission something that works beautifully in that room.
- **Digital** - Digital works include any commercial illustrations, video, 3D holograms or digital art.
- **Installation Art** - Hire an Installation Artist, Light Installation Art & Kinetic Artistic.
- **Landscape Paintings** - Create beautiful inspiring Landscape paintings of any subject.
- **Mural & Graffiti** - All types of Mural & Graffiti projects for commercial and private commissions.
- **Pencil Drawings** - A pencil drawing can create a powerful effect and is extremely affordable.

We offer a far larger scope of work and are more competitive than a gallery. We want to help make [art commissions](#) affordable to all. As a social enterprise, half our profits go back into supporting good causes and the environment.
