Forth Blinds

Made To Measure Window Blinds

Made To Measure Window Blinds

We supply fully-fitted made-to-measure window blinds throughout East Lothian, the Borders and Edinburgh.

About Forth Blinds

Forth Blinds based in Prestonpans, East Lothian began trading early in 2015.

The partners of Forth Blinds, Philip O'Brien and Colin Mercer, have 45 years combined experience measuring and fitting quality blinds.

Customers can expect great service, workmanship, and quality blinds at fantastic prices.

Types of Blinds

We can supply all types of blinds for homes and business premises.

Roller Blinds

Roller blinds are amongst the most versatile window coverings you can opt for.

They can be made from a wide range of fabrics in all manner of colours, patterns and textures.

Popular in homes and business premises.

Roman Blinds

Roman blinds are stylish, classic and very effective at providing shade.

When the blind is closed, the fabric folds into neat, even pleats, giving an eye-catching and elegant effect which has made this one of the most popular types of blinds.

Perfect Fit Blinds

Perfect Fit blinds are made for uPVC windows and doors.

They fit perfectly into the frame.

Easy to fit.

No light gaps.

Vertical Blinds

Vertical blinds are extremely practical and provide a great deal of control over the amount of shading.

The louvres can be opened completely to allow a lot of light in, closed a small amount to deliver shade but still keep the space lit, or be closed completely.

They can rotate left or right so you can adjust them to suit the passage of the sun and maintain the shading you want.

Vision Blinds

Vision blinds or 'day and night' blinds provide you with privacy throughout the day, while still letting the light in, and keep the world out at night.

Controls and brackets are hidden from view in the overhead rail cassette – this makes them an even more aesthetically pleasing option.

Venetian Blinds

Venetian blinds have a classic style that remains very popular to this day.

They are highly functional while also being aesthetically pleasing and stylish.

Available in hundreds of colours.

Wooden blinds and eco-friendly faux wood blinds are also available.

Pleated Blinds

Pleated blinds are perfect for those who want to have the stylish look of Venetian blinds or shutters, yet would prefer to have the total privacy of a roller blind.

Commercial Blinds

We have the skills and experience to fulfil large commercial contracts.

We can supply and fit office blinds. Our Printed blinds are very popular in offices as you can add your company name and logo.

We have worked with many housebuilders to fit hundreds of blinds in new social housing and rental homes.
