## Our Mission

Established in 2019, Forte Reno Supplies is forged to provide our clients in the design & construction industry with the latest, on trend, decorative materials solutions to support the ever-changing design needs & helping to unlock endless design possibilities.

## **Our Commitment**

By committing to equip ourselves with the latest industry trends & production knowledge through constant market research & development efforts, we aim to be the leading supplier for interior decorative materials in Asia.

Client-centric is our core value at Forte. Our company strives to deliver only the best products & upkeep a high service standard to give our clients the best experience when working with us.

## Our Edge

With operations in both Malaysia & Singapore, we have a strong edge in supply efficiency when serving all our clients locally & across border. Our cross-border supply & logistic capability stays strong & competitive with two main spearheads. One, owning our very own delivery fleet & two, our cross-country combination & supporting stockpile. This helps to ensure our clients can have their orders delivered cross border in the shortest lead time & also, never have to worry about running out of stocks.

**Everything you need when doing your next  
project**
