

What We Do

GLAZING SERVICES

Our primary services are to repair, refurbish, and make custom timber <u>sash</u> and case windows and casement windows.

OTHER SERVICES

<u>Double glazing upgrades</u>

Draught proofing

<u>Shutters</u> - repairs and manufacture

uPVC and aluminium framed windows

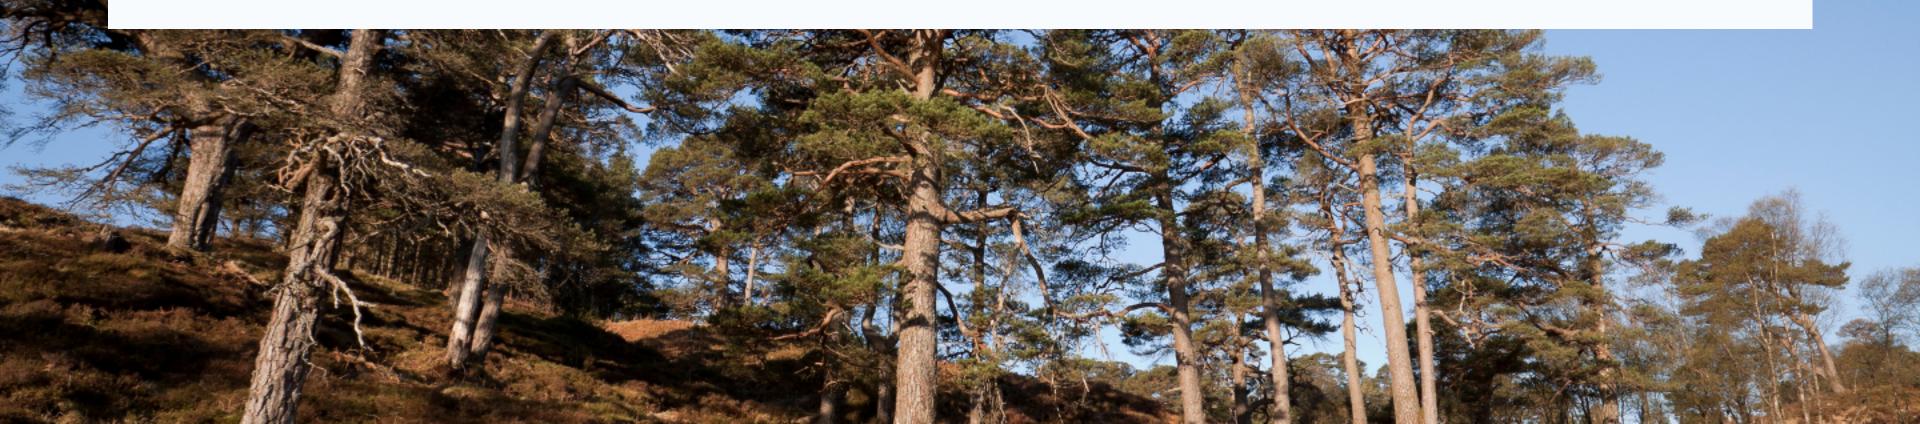

Planting Scots Pine Trees

Eco Credentials

We always use responsibly sourced timber.

We plant a Scots Pine for every completed <u>sash</u>

<u>window</u> project.

Sash & Case Windows

REPLACEMENTS
REPAIRS
REFURBISHMENTS

- We handcraft bespoke <u>replacement sash</u>
 <u>windows</u> in our Edinburgh workshop, using
 responsibly sourced timbers and traditional
 techniques.
- Where possible, we <u>repair original period sash</u> and case windows.
- We can install <u>double glazed glass</u> into your original sash window frames.
- Our sash window <u>draught proofing</u> is designed to radically improve the performance of your windows with as little visible alteration as possible.

Casement Windows

REPLACEMENTS
REPAIRS
REFURBISHMENTS

Casement windows are side-hinged timber windows, both beautiful and practical.

- We handcraft new, bespoke <u>casement</u> windows in our Edinburgh workshop.
- Our experienced joiners will design the windows in the same style as your old windows, with either double or single glazing.
- We can <u>repair casement window</u> rot, draughts, and rattles.

New Double Glazed Windows

UPVC ALUMINIUM

- Our <u>uPVC windows</u> are UK-made, energyefficient, and made of the best window materials to provide you with high quality, secure windows.
- As with our uPVC windows, our <u>aluminium</u> windows can be casement, tilt-and-turn, or sash windows. Because aluminium frames are strong enough for large glass windows, they are very popular in new homes and home extensions. We can also install Bi-fold, Sliding and <u>Patio doors</u>.

TRADITIONAL SHUTTERS

Many old <u>shutters</u> become unusable due the shutters warping, being over painted or painted shut, or hinge and movement failure. Eco Sash & Case can restore your existing shutters.

New window shutters can even be manufactured in our workshop in Edinburgh.

WINDOW PAINTING

We offer superior <u>sash window painting</u> with mastic repairs.

Locations

We are an Edinburgh based company that offers our services all surrounding areas.

EAST LOTHIAN

Being on the coast can be a frontier to bad weather. We can offer solutions and packages to help fight back and protect your windows and doors, along with reducing your home energy bills.

MIDLOTHIAN

Whether you live in one of Midlothian's towns like Dalkeith or Penicuik or a house in the middle of the countryside, we can fit new double glazed windows or repair traditional sash windows.

WEST LOTHIAN

We will be delighted to travel anywhere in West Lothian to offer you solutions to protect your windows and doors. We can also supply and install new windows and doors.

<u>FIFE</u>

As beautiful as the towns and villages of Fife are, they are all exposed to North Sea winds. We can draught proof your windows or replace them with modern double glazed windows.
